RING SIZE GUIDE

Measure a ring you already own

Choose a ring you already own and place it over the sizing circles until you find a circle that aligns with the inside edge of your ring.

Measure your finger to find your ring size

Print this document onto an A4 piece of paper. Make sure that you do not select the 'Fit to page' or 'Printable Area' when printing.

Cut around the sizer image below and cut a slot as indicated.

Place the sizer around your finger and pull the end through the slot you have cut into the sizer.

Pull the end so that it fits nicely around your finger then read the letter that the arrow is pointing to, to find your ring size.

Don't pull the sizer too tight as this will give you the wrong size. Make sure the sizer can slide over your knuckle comfortably.
